HIR PROPERTY DEVELOPMENT UPDATE

Hope Island Resort, which celebrated its 15th anniversary last month, is currently a hive of activity with national publicly listed development company Mirvac rolling out a number of high quality projects within the resort.

Mirvac's Hope Island Resort Marketing Manager, David Small said plans were currently being finalized for a waterfront development called Harbour Village, immediately south of the Marina Village Shopping Centre. "This is one of the last significant waterfront sites within Hope Island Resort and Mirvac is currently finalizing plans for its development," he said.

"Mirvac plans to construct a range of high quality homes, duplexes and terrace homes on the site and will kick off construction within the next few months."

Mr. Small said Mirvac would build 8 free

standing waterfront homes, 12 free-standing non waterfront homes, 4 duplexes and 3 terrace homes as part of stage one of the Harbour Village site. Plans are still being drafted for the second stage.

The waterfront homes would have finger pontoons similar to the original marina homes constructed on the northern side of the Hope Island Resort marina basin.

Mirvac Design has created high functional, high quality residences which will feature ducted air conditioning, European appliances, luxurious fit outs, spacious courtyards, double car accommodation and buggy spaces.

In addition to its proximity to the retail precinct, the boutique Boardwalk Tavern and numerous restaurants, Harbour Village is also only a short buggy ride from the Hope Island Links golf

club and course. It is one of the last significant waterfront development sites within Hope Island Resort.

Mirvac is also continuing to build out of its highly successful Links villa apartments overlooking the 5th Fairway. In total 28 of these three and four bedroom dwellings have sold. There are currently four available with prices starting at \$885,000. Links villa apartments are extremely popular as they provide all the space and facilities of a standard home, but without the upkeep and they have the added benefit of sweeping views across the golf course greenbelt.

Golf course frontage land in a precinct called 7th Fairway was attracting strong interest. One of the keys to Hope Island Resort's success was the wide variety of property and lifestyle options available.

FROGS ON TOAST

CABARET SHOW & DINNER FRIDAY 15/08/08

"Frogs on Toast" has set the benchmark in Australia for live comedy/cabaret. It's hilarious! It's fun! FROGS is comedy, cabaret, dance and showband all rolled into one.

With great songs from the 70's through to present day hits and great harmonies from 3 front-line vocalists, this show band has been nominated three years in a row for the Australian Entertainment 'MO' Award. Great costumes, audience interaction and extremely bad French accents and you have Frogs on Toast!

"I can personally recommend this fabulous group. Their hilarious impersonations of many entertainers from around the globe (including some you've never seen) will have you laughing, dancing and singing along. I could not wait to bring them to the Hope Island Resort Golf Club for you to enjoy" says Joanne Porter, Community Liaison & Events Manager, Hope Island Resort.
