

One of the most preferred ways to traverse the spacious and beautifully landscaped grounds of the Hope Island Resort (HIR) is via golf buggies. Via golf buggies residents can travel from their homes to parks, Swimming Pools, Coles, Specialty retail Shops, The Links Golf Club and Course, The Boardwalk Tavern, Restaurants, Fitness Centre and Tennis Courts ETC the list goes on and on. Whilst golf buggies are an extremely convenient and environmentally friendly way to travel all residents need to be aware of the following which applies to the use of golf buggies within HIR:

- ✓ All golf buggies driven within HIR must be conditionally registered via QLD Transport. The conditional registration includes that golf buggies must have a maximum speed of 20km. [This link](#) provides the guidelines associated with the conditional registration.
- ✓ Persons driving golf buggies must have a current and valid driving licence.
- ✓ Whilst the Roadways and Waterways within HIR are private QLD Police Services (QPS) are empowered to enforce traffic laws and regulations within HIR.
- ✓ The roadways throughout HIR are shared by vehicles, golf buggies, pedestrians and cyclists and therefore it is very important to take care when traversing the roadways and to always be mindful of the shared usage.
