

RIVERDALE DRIVE ASPHALT OVERLAY PROJECT
ACCESS RESTRICTED 7:00am to 5:00pm
Tuesday 17 April and Wednesday 18 April 2018

Dear residents,

Fulton Hogan is undertaking Asphalt Surfacing Works on your street on behalf of Cambridge Management Services and the Hope Island Resort PBC. Access to and from residences will be restricted from 7:00am to 5:00pm on each day.

The works program involves removing sections of the existing surface (adjacent to the kerb) on Tuesday 17 April and laying a new asphalt surface on the eastern section of Riverdale Drive on Tuesday 17 and on the western section on Wednesday 18 April.

TRAFFIC ARRANGEMENTS

Traffic controllers and local traffic diversions will be in place to assist you to negotiate around our work site. However, we may need to close sections of your street to all traffic for to enable us to complete the surfacing works. At the end of each day, the roadway will be reopened for normal use.

We request that you please obey our directions, which will ultimately speed up the works process and re-open the road for normal use sooner.

WHAT CAN YOU DO TO HELP US

We request that you ensure that all vehicles are parked OFF the roadway, and that if vehicles are parked on your driveway that these vehicles are positioned at least 2 metres from the edge of the gutter. We would also request that you avoid mowing or hosing down footpaths or nature strips on the day of the works to ensure the road surface is clean and dry. Your help will ensure that we can carry on with the works without any untimely delays.

Thank you for your help.
